Subject: [External] ex-parte communication 2020-242-E

please post this filing on the scpsc websie

Before the commission, makes a motion on the motion to dismiss, an investigation into evidence of ex-parte communication between the sc.psc and decllc needs to be resolved. In preparation for the ruling I Enrique McMilion Jr. was reviewing the bodycam footage of Mr. Martin a sgt. with the anderson county sheriffs office, on that footage is a confession from Mr. Robert moreland (decllc) where he states "the commission has said we are tired of the complaints" and there appears to be on other footage as well of mr moreland and attorneys of decllc having ex-parte communication with members of the commission.

I Enrique McMilion Jr.
